Independent Auditor's Report

To the Honorable City Council
City of LaSalle, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of LaSalle, Illinois, as of and for the year ended April 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of LaSalle, Illinois, as of April 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Schedule of Funding Progress, Schedule of Changes in Employer's Net Pension Liability and Related Ratios, and Schedule of Employer Contributions and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of LaSalle, Illinois' basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and other supplemental information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

, CPA, P.C.

CITY OF LASALLE, ILLINOIS
MANAGEMENT DISCUSSION & ANALYSIS - UNAUDITED
April 30, 2019

As management of the City of LaSalle, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities and financial position of the City for the fiscal year ended April, 30, 2019. In the broadest context, the financial well being of a government lies in the underlying wealth and willingness of its citizens and property owners to pay adequate taxes combined with the vision of the government's elected and appointed leadership to spend those taxes strategically so that the City's tax base, service levels, City assets and City's desirability will be maintained not just for the current year but well into the future. Financial reporting is limited in its ability to provide this "big picture" but rather focuses on financial position and changes in financial position. In other words, are revenues and or expenses/expenditures higher or lower than the previous year? Have net assets (containing both short and long term assets and liabilities) or fund balances (the current "spendable" assets less current liabilities) of the government been maintained? It should be noted that the Independent Auditors' Report describes the auditors' association with the various sections of this report and that all of the additional information from other City sources is unaudited and has not been updated for events that may have occurred subsequent to the issuance of the respective report.

FINANCIAL HIGHLIGHTS

- The City of LaSalle's total governmental revenues were more than total governmental expenditures, on the modified accrual basis of accounting, by \$262,878 for the year (before operating transfers).
- The City's General Fund ended the year with a deficit fund balance of \$2,074,633; however, overall the City ended the year with \$3,715,838 in governmental fund balances.
- The City of LaSalle's proprietary (business-type) activities total revenues exceeded expenditures by \$1,485,363 for the year.
- The year ended with total net assets of \$4,319,568 in the Waterworks Fund and \$20,078,307 in the Sewerage Fund.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets provides information about the activities of the City as a whole and presents a longer-term view of the City's finances. Fund financial statements report the City's operation in more detail about the City's most significant funds.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of four components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements and 4) required supplementary information which includes this management's discussion and analysis and multi-year funding progress on the City's pension plans. In addition to the basic financial statements, this report also contains other supplementary information as listed in the Table of Contents.

Government-Wide Financial Statements

Government-wide financial statements provide readers with a broad overview of the City's finances, in a matter similar to private-sector business. The Statement of Net Position reports information on all the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as net position.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. In addition, consideration of other non-financial factors, such as changes in the City's property tax base is needed to assess the overall health of the City. The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. Real estate taxes and governmental revenues finance these activities.

Both of the government-wide financial statements distinguish between functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government and administration, public safety, transportation and public service, culture and recreation, environment, and health and welfare. The business-type activities of the City include Water, Sewer and Parking Meter operations.

Fund Financial Statements

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories – governmental funds, proprietary funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Non-financial assets such as governmental buildings, roads, drainage ways, park land and long-term liabilities such as bonds payable or long term liabilities that will not be paid with current assets are excluded. Such information may be useful in evaluating the City's near-term financial decisions.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The City maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the TIF I Fund, and the TIF III Fund, each of which is considered to be a major fund. Data from the other governmental funds is combined into a single, aggregated presentation. Individual fund data for each of these is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for all the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

Proprietary Funds

The City maintains only one type of proprietary fund – enterprise funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer and parking meter funds.

Proprietary funds provide the same type of kind of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Sewer and Parking Meter funds, although only the Water and Sewer funds are considered to be major funds of the City.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City's own programs.

Notes to the Financial Statement and Other Information

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the general and special revenue funds, such as tax levies and IMRF funding.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. The City's assets exceeded liabilities by \$25,417,636 at April 30, 2019. This analysis focuses on the net position and changes in net position of the City's governmental and business-type activities, as summarized in the following tables.

CITY OF LASALLE, ILLINOIS GOVERNMENT-WIDE STATEMENT OF NET ASSETS

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018

Net position:						
Invested in capital assets, net of related debt	10,289,157	9,524,468	23,587,402	23,651,411	33,876,559	33,175,879
Contributed capital	-	-	5,258,344	5,258,344	5,258,344	5,258,344
Restricted	5,290,445	5,512,465	539,032	539,032	5,829,477	6,051,497
Unrestricted	<u>(21,076,018)</u>	<u>(20,657,877)</u>	<u>1,529,274</u>	<u>(585,804)</u>	<u>(19,546,744)</u>	<u>(21,243,681)</u>
Total net position	<u>\$ (5,496,416)</u>	<u>\$ (5,620,944)</u>	<u>\$ 30,914,052</u>	<u>\$ 28,862,983</u>	<u>\$25,417,636</u>	<u>\$23,242,039</u>

On a government-wide basis, the assets of the City exceeded its liabilities, resulting in total net assets at the close of the current fiscal year of \$25.418 million. This is up from last fiscal year's net assets of \$23.242 million.

Restricted and Unrestricted Net Assets

A restricted portion of the City's net assets (22.93% and 26.04% as of April 30, 2019 and 2018 respectively) represents resources that are subject to restrictions on how they may be used. The remaining balance of unrestricted net assets (deficit), (\$19.55 million) for 2019 and (\$21.24 million) for 2018 may be used to meet the government's ongoing obligations to citizens and creditors.

Net Assets Invested in Capital Assets, Net of Related Debt

A large portion of the City's net assets (133.28% in the current year and 142.74% in the prior year) is Net Assets Invested in Capital Assets. This designation represents the city's investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure), net of accumulated depreciation less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Governmental Activities

Governmental activities increased the city's net assets by \$124,528 in the current year and by \$1.176 million in the prior year. For April 30, 2019 and 2018, respectively, a total of 28.79% and 28.54% of the total City revenues were derived from Governmental property taxes followed by 12.11% and 11.10% for governmental charges for services, 1.16% and 4.11% for operating and capital grants and contributions, and less than 1.0% (for each year) of the City's revenue was derived from investment earnings.

Business-Type Activities

Business-type activities increased the City's net assets by \$2.051 million during the current year and by \$1.513 million during the prior year.

FINANCIAL ANALYSIS OF THE GOVERNMENTAL FUNDS

As noted earlier, the city uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of LaSalle's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of April 30, 2019, the City of LaSalle's governmental funds reported combined ending fund balances of \$3.72 million, a decrease of approximately \$303,000 from last year. This decrease results from various factors, but it should be noted that no significant new bond proceeds were included in the current or prior fiscal year.

The General Fund is the chief operating fund of the City. The unassigned fund balance (deficit) of the General Fund was (\$2,490,607) for 2019 and (\$2,386,748) for 2018. As a measure of the General Fund's liquidity, it may be useful to compare both the unreserved fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents (30.77%) of total General Fund expenditures, a slight decrease from the year before (31.49%). Total fund balance represents (25.63%) of total General Fund expenditures, slightly down from the year before (25.91%).

The fund balance of the City's General Fund decreased (\$110,791) for 2019 as compared to a decrease of (\$90,035) for 2018. It should be noted that General Fund revenues increased by approximately \$511,000 over the prior fiscal year while General Fund expenditures only increased by approximately \$517,000. Furthermore, the fund balance decrease was only an approximate (\$30,000) before taking operating transfers into consideration.

Overall, the fund balances of the other Governmental Funds (including the two major funds) decreased (\$192,037) for 2019 and increased by \$130,163 for 2018. This was mainly due to decreased TIF I revenues and increased TIF I expenditures in the current fiscal year.

CAPITAL ASSETS

The City of LaSalle's investment in capital assets for its government and business-type activities as of April 30, 2019 and 2018 amounted to \$45,429,658 and \$46,357,008, respectively (net of accumulated depreciation). This investment in capital assets includes land, infrastructure, land improvements, buildings, construction in progress, machinery and equipment, and vehicles. The total increase in capital assets (exclusive of accumulated depreciation) for the year ended April 30, 2019 was \$1,398,190 or 1.40%.

Some of the major capital expenditures during the year ended April 30, 2019 included:

Proprietary:

2015 JD Backhoe/Loader - \$75,000
2019 Ford F150 (2) - \$45,949
Sewer Cameras - \$31,850

2018 Ford Ambulance - \$227,442
2019 Ford F150s (2) - \$49,938
City Vehicles (Police) - \$47,760

Additional information on capital assets can be found in Note 2 on page 31 of this report.

DEBT

The City of LaSalle had total outstanding debt of \$12.09 million as of April 30, 2019 and \$14.112 million as of April 30, 2018. This debt is comprised of general obligation bonds and loans. For more details see Notes 9 and 10 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Each year the budget process is a difficult one, with the status of the economy always a concern. Some of the considerations include: the uncertainty of the economy and the market, variable fuel and utility costs and rising insurance and pension costs, and upcoming capital project and equipment needs.

The City's elected and appointed officials considered many factors when setting the fiscal year April 30, 2019 budget including cash flow, tax rates, the economy as a whole and fees that will be charged for business-type activities.

Budgetary considerations require that focused attention be directed toward declining revenue sources, including interest, state taxes and local taxes. The administration will be challenged to find opportunities to control expenses in the economic climate, and find even more efficient ways of delivering services to its residents.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need any additional information, contact the City Comptroller.

CITY OF LASALLE, ILLINOIS
RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO NET POSITION OF GOVERNMENTAL ACTIVITIES
April 30, 2019

Total fund balance - total governmental funds	\$	3,715,838
Amounts reported for governmental activities in the Statement of Net Assets are different because:		
Capital assets used in governmental activities (net of accumulated depreciation of \$36,113,828) are not current financial resources and therefore are not reported in the governmental funds balance sheet.		13,466,383
Other assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.		-
Deferred outflows of resources related to pensions that do not relate to current financial resources and are not reported in the governmental funds		1,406,478
Deferred inflows of resources related to pensions that do not relate to current financial resources and are not reported in the governmental funds		(1,171,245)
Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in governmental funds balance sheet.		-
Long-term liabilities are not due and payable in the current period and, therefore, they are not reported in the governmental funds balance sheet.		
Due within one year	-	
Due in more than one year	3,177,226	
Net pension liability	19,736,644	
Deferred charges	-	
	-	(22,913,870)
Net position of governmental activities	\$	(5,496,416)

CITY OF LASALLE, ILLINOIS
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO CHANGES IN NET POSITION OF
GOVERNMENTAL ACTIVITIES
April 30, 2019

Net Change in Fund Balances - total governmental funds \$ (302,828)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of capital assets recorded in the current period. 810,251

The net effect of various transactions involving capital assets (i.e., sales, trade ins, and contributions) is to increase net assets -

Depreciation expense on capital assets is reported in the government-wide statement of activities and changes in net assets, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditure in governmental funds. (960,811)

Some property tax and intergovernmental revenues will not be collected for several months after the City's fiscal year end. These are not considered "available" revenues in the governmental funds until received. Change in amount deferred on Fund statements. -

The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Bonds issued	-	
Premium on bonds issued	-	
Bond issuance cost	-	
Other loans issued	-	
Change in net pension liability	(1,142,289)	
Change in deferred outflows/inflows of resources related to pensions	804,958	
Bond principal retirement	<u>915,247</u>	
		<u>577,916</u>

Change in net position of governmental activities \$ 124,528

These financial statements should be read only in connection with the accompanying summary of significant accounting policies and notes to financial statements.

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

The financial statements of the City of LaSalle, Illinois, have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below:

FINANCIAL REPORTING ENTITY

The City of LaSalle, Illinois operates under an elected Mayor-Alderman form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, culture and recreation (library and parks), health, water distribution, sewage treatment, public improvements, planning and zoning and general administrative services.

The City's basic financial statements include the accounts of all City operations. There are no entities having significant operational or financial relationships with the City, which would cause them to be considered component units.

BASIS OF PRESENTATION

Government-Wide Financial Statements

The government-wide financial statements (the statement of net position and the statement of activities) display information about the reporting government as a whole. They include all funds of the reporting activity, with the exception of trust and agency funds, which are reported separately.

The statements include separate columns for governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods and services.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include: (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and (b) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise assets, liabilities, fund equity, revenue and expenditures, or expenses, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

BASIS OF PRESENTATION (CONTINUED)

The funds are grouped into three fund types and six generic funds as described below:

Governmental Fund Types

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts, general long-term debt, or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of general long-term debt principal, interest, and related costs.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

Proprietary Fund Types

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Proprietary funds apply Financial Accounting Standards Board (FASB) Pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

Fiduciary Fund Types

Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include pension trust funds, expendable trust, non-expendable trust, and agency funds. Pension trust funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Non-expendable and expendable trust funds are accounted for in essentially the same manner as governmental funds. The terms “non-expendable” and “expendable” refer to whether or not the government is under an obligation to maintain the trust principal.

Major Funds

The following funds are presented as major funds:

Governmental Funds: General Fund
 TIF I Fund
 TIF III Fund

Proprietary Funds: Waterworks Fund
 Sewerage Fund

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers revenues as available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred. However, most debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment has matured and will be payable shortly after year-end.

Taxpayer-assessed income, gross receipts, and sales tax are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at this time. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

BUDGETS AND BUDGETARY ACCOUNTING

1. The City does not use encumbrance accounting. Appropriations lapse at year-end.
2. During the first quarter of the fiscal year, a proposed budget for the year commencing May 1 is submitted to the City Council.
3. A public hearing is conducted at the City Hall to obtain taxpayer comments on the proposed budget, prior to adoption.
4. Prior to August 1, the budget (appropriation) is legally enacted through passage of an ordinance.
5. The appropriation was amended in May 2019.

CASH EQUIVALENTS

For purposes of the statement of cash flows, the City considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

INVESTMENTS

State statutes authorize the government to invest in the following:

1. Commercial banks
2. Savings and loan institutions
3. Obligations of the U.S. Treasury and U.S. Agencies
4. Obligations of States and their political subdivisions

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

INVESTMENTS (CONTINUED)

5. Credit union shares
6. Repurchase agreements
7. Commercial paper rated within the three highest classifications by at least two standard rating services
8. Illinois Public Treasurer's Investment Pool

In addition, the Police and Firefighters' Pension Trust Funds may invest in other investments including certain life insurance contracts.

Investments are recorded at fair value.

PROPERTY TAXES RECEIVABLE

The City's property tax is levied each year on all taxable real property located in the City on or before the last Tuesday in December. The council passed the levy in December 2018. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments, 30 days after initial billing and September 1. The City receives significant distributions of tax receipts approximately one month after these due dates.

In conjunction with the National Council on Governmental Accounting Interpretation #3, for funds on the modified accrual basis of accounting, property taxes which have been levied but not collected or expected to be collected within sixty days after year end are recorded as property taxes receivable and deferred revenues. For funds on the accrual basis of accounting, property taxes are recorded using the levy date method, where taxes are recognized as revenues in the year in which they are levied. The property tax receivable, therefore, represents taxes due on the 2017 levy to be collected mid-2019.

Delinquent property taxes receivable from prior years are not reflected in the financial statements. Collection of prior year taxes are recorded as revenue in the year received.

ACCOUNTS RECEIVABLE - WATER DEPARTMENT

Accounts receivable includes amounts billed and not collected at April 30. The direct write-off method is used to recognize bad debts. The use of this method has no material effect on the financial statements.

SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans, if any, are also classified as "due from other funds" or "due to other funds" on the balance sheet.

INTERFUND SERVICES

The municipal Waterworks and Sewerage Funds do not charge other City departments for services. The City does not assess the Waterworks, Sewerage and Parking Meter Funds fees for administrative services provided and does not assess the Waterworks, Sewerage or Parking Meter Funds charges in lieu of taxes comparable to amounts which would have been payable had the funds been operated as private enterprises.

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

INVENTORIES

Inventories are recorded as an expenditure at the time of purchase and are not recorded as an asset on the balance sheet.

PREPAID ITEMS

Payments made to vendors for services that will benefit periods beyond April 30, 2018, are recorded as prepaid items.

CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable. Repairs and maintenance are recorded as expenses.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. A capitalization threshold of \$500 for equipment, \$5,000 for buildings and improvements, and \$50,000 for general infrastructure improvements is used to report capital assets. The range of estimated useful lives by type of asset is as follows:

Buildings and Improvements	10-50 years
Land Improvements	10-20 years
Infrastructure	10-50 years
Machinery and Equipment	5-20 years
Vehicles	5 years
Office Furniture and Equipment	3-10 years

In the fund financial statements, capital assets arising from cash transactions acquired for use in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

RESTRICTED ASSETS

Enterprise Funds, because of certain bond covenants, are required to establish and maintain prescribed amounts of resources (consisting of cash and temporary investments) that can be used only to service outstanding debt.

COMPENSATED ABSENCES

At April 30, 2019, the financial statements do not include any liability for vacation or sick pay.

Accumulated unpaid vacation pay is recorded as an expenditure when actually paid to the employees. It is the City's policy to require all employees to take their vacations prior to the end of each fiscal year. Therefore, there is no accumulated unpaid vacation pay at April 30, 2019.

Sick days may be accumulated to a total of 45 days per employee. The City has not determined this liability.

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

LONG-TERM OBLIGATIONS

Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the Debt Service Fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

FUND EQUITY/NET ASSETS

Government-wide Financial Statements

Equity is classified as net assets and displayed in three components:

- a) Invested in capital assets, net of related debt - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings used for the acquisition, construction or improvements of those assets.
- b) Restricted net assets - Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- c) Unrestricted net assets - All other net assets that do not meet the definition of "invested in capital assets, net of related debt" or "restricted".

Contributed capital is recorded in proprietary funds that have received capital grants or contributions from developers, customers, or other funds.

Fund Financial Statements

In the governmental fund financial statements, fund balances are classified as follows:

- a) Nonspendable - Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- b) Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.
- c) Committed - Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the City Council through ordinance or resolution approved prior to yearend. Those committed amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same action it employed to commit those amounts.
- d) Assigned - Amounts constrained by the City's intent to use them for a specific purpose.
- e) Unassigned - All amounts not included in other spendable classifications. The General Fund is the only fund that would report a positive amount in unassigned fund balance. Residual deficit amounts of other governmental funds would also be reported as unassigned.

CITY OF LASALLE, ILLINOIS
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
April 30, 2019

DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

TRANSFERS

Operating transfers are transfers between funds to finance current operations. Such transfers are separately reported as other financing sources or uses in the governmental funds, and as additions to or deductions from net income in the proprietary and similar trust funds.

This information is an integral part of the accompanying general-purpose financial statements.

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 1 - DEPOSITS AND INVESTMENTS

The City maintains a cash pool that is available for use by funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents". Interest income is allocated based on each fund's portion of the pool at month end. There are no longer any funds with investments in the State Treasurer's investment pool. The deposits and investments of the Pension Trust Funds are held separately from those of other City funds.

Deposits:

At year-end, the carrying amount of the City's deposits was \$12,023,268 and the bank balance was \$12,210,669. The bank balance is collateralized as follows:

Insured by FDIC or collateralized with securities held by the City or by its agent in the City's name	\$ 1,304,086
Collateralized with securities held by the pledging financial institution's agent in the City's name	-
Collateralized by the pledging financial institution, its trust department, or its agent but not in the government's name, and deposits which are uninsured and uncollateralized.	10,906,583
Uncollateralized	<u>-</u>
Total bank balance	<u>\$12,210,669</u>

Deposits included certificates of deposit and money market accounts, which are included on the balance sheet as investments for cash flow purposes. Cash on hand of \$533 has been excluded from the amounts shown above.

NOTE 2 - PROPERTY AND EQUIPMENT

A summary of property and equipment of enterprise funds is presented as follows:

NOTE 4 - HOME RULE UNIT

The City of LaSalle became a Home Rule Unit at the November 2006 election. The City is no longer subject to legal debt limitations, has no limit on property tax rates, may issue general obligation bonds payable from property taxes without a referendum and has unlimited power to incur debt payable from sources other than property taxes.

NOTE 5 - PENSION PLANS

The City has three pension plans covering eligible employees. A summary description of each plan follows:

ILLINOIS MUNICIPAL RETIREMENT

IMRF Plan Description

The City of LaSalle, Illinois' defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The City's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multi-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained on-line at www.imrf.org.

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 5 - PENSION PLANS (CONTINUED)

ILLINOIS MUNICIPAL RETIREMENT (continued)

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount..

Employees Covered by Benefit Terms

As of December 31, 2018, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	31
Inactive plan members entitled to but not yet receiving benefits	12
Active plan members	<u>34</u>
 Total	 <u>77</u>

Contributions

As set by statute, the City's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual contribution rate for calendar year 2018 was 12.76%. For the calendar year 2018, the City contributed \$264,899 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 5 - PENSION PLANS (CONTINUED)

ILLINOIS MUNICIPAL RETIREMENT (continued)

Net Pension Liability

The City of LaSalle, Illinois' net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2018:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.50%.
- Salary Increases were expected to be 3.39% to 14.25%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%
- Projected Retirement Age was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2017 valuation according to an experience study from years 2014 to 2016.
- The IMRF-specific rates for Mortality (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disabled Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25%.

2023	0
Thereafter	<u>0</u>
	<u>\$ 1,066,639</u>

POLICE PENSION

Plan Administration

Police sworn personnel are covered by the Police Pension Plan which is a defined benefit single-employer pension plan. The defined benefits and employee and minimum employer contribution levels are governed by Illinois State Statutes, 40 ILCS 5/3-101 et. seq., and may be amended only by the Illinois legislature. The City accounts for the Police Pension Plan as a pension trust fund.

Plan Membership

At April 30, 2019, the measurement date, membership consisted of:

Inactive plan members or beneficiaries currently receiving benefits	20
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	<u>23</u>
Total	<u>43</u>

Benefits Provided

The Police Pension Plan provides retirement benefits as well as death and disability benefits in two tiers depending on when a participant enters a plan.

Tier I employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% annually thereafter.

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 5 - PENSION PLANS (CONTINUED)

POLICE PENSION (continued)

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of 1/2 of the annual change in the Consumer Price Index or 3.0% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit. The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter.

Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan, as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the City to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year ended April 30, 2019, the City's contribution was 66.79% of covered payroll.

Investment Policy

Illinois Compiled Statutes (ILCS) limit the Police Pension Fund's investments to those allowable by ILCS and require the Fund's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. ILCS limit the Fund's investments in equities, mutual funds and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund.

All investments in the plan are stated at fair value. Fair value is based on quoted market prices at April 30, 2019.

Rate of Return

For the year ended April 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was not available. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability

The components of the net pension liability of the Police Pension Plan as of April 30, 2018 were as follows:

Total Pension Liability	\$24,072,470
Plan Fiduciary Net Position	<u>7,693,531</u>
City's Net Pension Liability	<u>\$16,378,939</u>
Plan fiduciary net position as a percentage of the total pension liability	32%

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 5 - PENSION PLANS (CONTINUED)

POLICE PENSION (continued)

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of April 30, 2019 using the following actuarial methods and assumptions:

Actuarial Valuation Date	April 30, 2019
Assumptions	
Inflation	2.5%
Salary increases	3.43% to 6.66%
Interest rate	6.25%

Mortality rates were based on the L&A 2016 Illinois Police Mortality Rates.

Discount Rate

The discount rate used to measure the total pension liability was 6.25% and is based on a combination of the expected long-term rate of return on plan investments and the municipal bond rate.

Cash flow projections were used to determine the extent to which the plan's future net position will be able to cover future benefit payments. To the extent future benefit payments are covered by the plan's projected net position, the expected rate of return on plan investments is used to determine the portion of the net pension liability associated with those payments. To the extent future benefit payments are not covered by the plan's projected net position, the municipal bond rate is used to determine the portion of the net pension liability associated with those payments.

For purposes of this valuation, the expected rate of return on pension plan investments is 6.25%, the municipal bond rate is 3.97%, and the resulting single discount rate is 6.25%

NOTE 5 - PENSION PLANS (CONTINUED)

FIREFIGHTERS' PENSION

Plan Administration

Fire sworn personnel are covered by the Firefighters' Pension Plan, which is a defined benefit single-employer pension plan. The defined benefits and employee and minimum employer contribution levels are governed by Illinois State Statutes, 40 ILCS 5/4-101 et. seq., and may be amended only by the Illinois legislature. The City accounts for the Firefighters' Pension Plan as a pension trust fund.

Plan Membership

At April 30, 2019, the measurement date, membership consisted of:

Inactive plan members or beneficiaries currently receiving benefits	3
Inactive plan members entitled to but not yet receiving benefits	0
Active plan members	<u>4</u>
 Total	 <u><u>7</u></u>

Benefits Provided

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits in two tiers depending on when a participant enters a plan.

Tier I employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977, shall be increased annually following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of 1/2 of the annual change in the Consumer Price Index or 3.0% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit. The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter.

Contributions

Employees are required by ILCS to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan, as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the City to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year ended April 30, 2019, the City's contribution was 67.02% of covered payroll.

CITY OF LASALLE, ILLINOIS
NOTES TO GENERAL-PURPOSE FINANCIAL STATEMENTS
April 30, 2019

NOTE 5 - PENSION PLANS (CONTINUED)

FIREFIGHTERS' PENSION (continued)

Investment Policy

Illinois Compiled Statutes (ILCS) limit the Firefighters' Pension Fund's investments to those allowable by ILCS and require the Fund's Board of Trustees to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. ILCS limit the Fund's investments in equities, mutual funds and variable annuities to 65%. securities in any one company should not exceed 5% of the total fund.

All investments in the plan are stated at fair value. Fair value is based on quoted market prices at April 30, 2019.

Rate of Return

For the year ended April 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was not available. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net Pension Liability

The components of the net pension liability of the Firefighters' Pension Plan as of April 30, 2019 were as follows:

Total Pension Liability	\$ 4,241,999
Plan Fiduciary Net Position	<u>2,168,249</u>
City's Net Pension Liability	<u>\$ 2,073,750</u>
Plan fiduciary net position as a percentage of the total pension liability	51%

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of April 30, 2019 using the following actuarial methods and assumptions:

Actuarial Valuation Date	April 30, 2018
Assumptions	
Inflation	2.5%
Salary increases	4.00% to 8.75%
Interest rate	5.00%

Mortality rates were based on the L&A 2016 Illinois Firefighters' Mortality Rates.

Discount Rate

The discount rate used to measure the total pension liability was 5.0% and is based on a combination of the expected long-term rate of return on plan investments and the municipal bond rate.

Cash flow projections were used to determine the extent to which the plan's future net position will be able to cover future benefit payments. To the extent future benefit payments are covered by the plan's projected net position, the expected rate of return on plan investments is used to determine the portion of the net pension liability associated with those payments. To the extent future benefit payments are not covered by the plan's projected net position, the municipal bond rate is used to determine the portion of the net pension liability associated with those payments.

For purposes of this valuation, the expected rate of return on pension plan investments is 5.0%, the municipal bond rate is 3.79%, and the resulting single discount rate is 5.0%.

NOTE 6 - DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all city employees, permits them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are (until paid or made available to the employee or other beneficiary) solely the property and rights of the City subject only to the claims of the City's general creditors. Participants' rights under the plan are equal to those of general creditors of the City in an amount equal to the fair market value of the deferred account for each participant.

The City has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The City believes that is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

April 30, 2019

NOTE 9 - CHANGES IN BONDS PAYABLE AND DEBT SERVICE REQUIREMENTS (CONTINUED)

The following Waterworks bonds were issued during fiscal year ended April 30, 2009:

Waterworks Fund General Obligation Bonds

General Obligation (Alternate Revenue Source), Series 2006, payable in varied annual installments through December 2020; semi-annual interest varying from 4.15% to 6.50%.

\$ 675,000

Under provisions of the ordinances authorizing the issuance of these General Obligation Bonds, tax levies may be abated if monies are irrevocably transferred to an account adequate to pay principal and interest from revenue of the City's water system or other lawfully available monies.

The general obligation bond ordinance requires that all monies held in the Waterworks Fund be segregated and restricted in special reserve accounts, in the priority indicated by the order of the following:

<u>Account</u>	<u>Amount</u>	<u>Nature of Authorized Expenditures</u>
a) Operation and maintenance expenses	Sufficient amount to pay monthly Operations and Maintenance expense	Expenses of operating, maintaining, and repairing the system
b) Depreciation	An amount deemed necessary to provide an adequate depreciation fund for the System	Pay cost of extraordinary maintenance, necessary repairs and replacements, contingencies, improvements and extensions to the system, and make Bond payments to avoid default.
c) Surplus	The amount remaining after payment into above accounts	Make up any deficiencies in the above accounts, and then then to create an account as indicated below.
c) Alternate Bond and Interest Subaccount	Balance from Surplus (1/5 th interest pay and 1/10 th principal pay next due).	Paying interest and principal on bonds outstanding.

The following Sewer bonds were issued during the fiscal year ended April 30, 2011:

Sewer Fund General Obligation Bonds

General Obligation Bonds, Series 2010B, payable in varied annual installments through December 2023; semi-annual interest varying from 3.00% to 4.25%.

NOTE 10 - LOANS PAYABLE

Illinois EPA Loan Payable – Wastewater Treatment Project

During the fiscal year ended April 30, 2004, the City entered into a loan agreement with the Illinois Environmental Protection Agency in an amount not to exceed \$2,832,565 for a wastewater treatment project. This is a 20 year loan bearing interest at a fixed rate of 2.57%. Repayments are to be semi-annual and began July 15, 2004. As of April 30, 2019, this loan has a balance of \$807,532. The annual requirements to amortize this loan, including interest, are as follows:

DEBT SERVICE REQUIREMENTS				
	Year Ended April 30,	Principal	Interest	Total
Illinois EPA Loan (WWTP)	2020	\$ 162,478	\$ 20,949	\$ 183,427

Illinois EPA Loan Payable – East End Sewer Plant

During the fiscal year ended April 30, 2010, the City entered into a loan agreement with the Illinois Environmental Protection Agency in an amount not to exceed \$15,000,000 for a sewer plant project. The first \$7,500,000 received was all from ARRA Funds. Of this amount, \$3,750,000 is a loan that must be repaid, and the other \$3,750,000 is grant money which will not have to be repaid. After the first \$7,500,000 was received, another amount of \$7,500,000 was received, which all will have to be repaid under the Wastewater Loan Program. This is a 20 year loan bearing no interest (a fixed rate of 0.00%). Repayments began in February 2012 in the amount of \$232,911 semi-annually. Semi-annual payments increased to \$293,091 in February 2013. As of April 30, 2019, this loan has a balance of \$7,034,177. The annual requirements to amortize this loan are as follows:

NOTE 10 - LOANS PAYABLE (CONTINUED)

Other Loans Payable

During the current fiscal year, the City entered into a loan agreement with Eureka State Bank for the purchase of a 2018 Ford Explorer police vehicle. The loan will be paid in three annual installments of \$10,912 each, including interest at a rate of 2.75%, with the final payment due in June, 2020. The loan has a balance of \$20,899 at April 30, 2019 and is included in the General Long Term Debt Account Group.

During the prior fiscal year, the City entered into a loan agreement with LaSalle State Bank for the purchase of a 2017 Ford Interceptor police vehicle. The loan will be paid in three annual installments of \$10,545 each, including interest at a rate of 2.07%, with the final payment due in September, 2019. The loan has a balance of \$10,323 at April 30, 2019 and is included in the General Long Term Debt Account Group.

During a prior fiscal year, the City entered into a loan agreement with LaSalle State Bank in an amount not to exceed \$127,450 to finance a computer system/software upgrade for the City. The City took the final draw on this loan in a prior fiscal year and the balance of the loan is \$36,694 at April 30, 2019. The first repayment was due in January of 2015, in the amount of \$20,474, including interest at a rate of 2.98%, and annual installments thereafter until the loan is paid in full. This loan is included in the General Long Term Debt Account Group.

During a prior fiscal year, the City entered into a loan agreement with LaSalle State Bank for the purchase of one 2017 Ford Interceptor police vehicle. The loan will be paid in three annual installments of \$10,350 each, including interest at a rate of 1.75%, with the final payment due in October, 2019. The balance of this loan is \$10,157 at April 30, 2019 and is included in the General Long Term Debt Account Group.

During a prior fiscal year, the City entered into a loan agreement with LaSalle State Bank for the purchase of a 2011 Ford Ambulance. The loan will be paid in annual installments of \$15,662 each, including interest at a rate of 2.26%, with the final payment due in May, 2020. The balance of this loan is \$30,103 at April 30, 2019 and is included in the General Long Term Debt Account Group.

During a prior fiscal year, the City entered into a loan agreement with Osh Kosh Capital for the purchase of a 2015 Pierce Saber Pumper truck. The loan will be paid in ten annual installments of \$52,524 each, including interest, with the final payment due in May, 2024. This loan has a balance of \$283,590 at April 30, 2019 and is included in the General Long Term Debt Account Group.

The annual requirements to amortize these loans, including interest, are as follows:

Total equity	6,304,981	23,294,298	1,314,773	30,914,052

NOTE 13 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The City is insured for property, general liability, workers compensation, employee medical claims, and other risks.

NOTE 14 - CONTINGENCIES

Litigation

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's attorneys the resolution of the majority of these matters will not have a material adverse effect on the financial condition of the government.

NOTE 15 - SUBSEQUENT EVENT EVALUATION

The date to which events occurring after April 30, 2019, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is December 16, 2019, which is the date on which the financial statements were available to be issued.

ILLINOIS MUNICIPAL RETIREMENT FUND
SCHEDULE OF EMPLOYER CONTRIBUTIONS
April 30, 2019**

	<u>2019</u>	<u>2018</u>	<u>2017</u>	<u>2016</u>
Actuarially determined contribution	not available	\$ 264,899	\$ 246,638	\$ 265,991
Contribution in relation to the actuarially determined contribution	not available	<u>264,899</u>	<u>246,638</u>	<u>265,991</u>
Contribution deficiency (excess)	not available	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
Covered employee payroll	not available	\$ 2,076,014	\$ 2,133,543	\$ 2,250,351
Contributions as a percentage of covered-employee payroll	not available	12.76%	11.56%	11.82%

Notes to the schedules:

Valuation Date: Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2018 Contribution Rates:

<p>Actuarial Cost Method: Amortization Method: Price Inflation: Salary Increases: Investment Rate of Return: Retirement Age:</p>	<p>Aggregate Entry Age - Normal Level Percentage of Payroll, Closed 2.75% 3.75% to 14.50% 7.50% Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.</p>
<p>Mortality:</p>	<p>For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.</p>

Other Information:

There were no benefit changes during the year.

These schedules are presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.

Based on Valuation Assumptions used in the December 31, 2015 actuarial valuation.

Notes to the schedules:

In the fiscal year ended April 30, 2017, there was a transition plan between the City and Pension Board. The proposed transition contribution for the fiscal year ended April 30, 2019 was \$1,045,000. The Actuarially Determined Contribution shown above for fiscal year end April 30, 2019 is the agreed upon transition contribution from the May 1, 2017 Actuarial Report for the tax levy recommendation for the December 2017 tax levy. The methods and assumptions shown below are based on the same Actuarial Valuation.

Valuation Date: Actuarially determined contribution rates are calculated as of April 30 of the previous fiscal year

Additional information as of the latest actuarial valuation presented is as follows:

Actuarial Cost Method: Entry age normal cost
Amortization Method: Level percentage of pay
Interest Rate Assumption: 6.25%
Amortization Period: 20 years

These schedules are presented to illustrate the requirement to show information for ten years. However, until a full ten-year trend is compiled, information is presented for those years for which information is available.
