RECOGNITIONS

IHSA 2017 Boys Bowling State Champion and La Salle resident, Nathan Stubler, was presented with an engraved glass bowling pin trophy by Alderman Mark Schneider on behalf of the City of La Salle. City Engineer Brian Brown explained that Nathan had a 259.7 average over the 12 games he bowled in the State Championship. He has set both National and State records, beating the old State record by 105 pins. Nathan has been named three times as the News Tribune Boys Bowler of the Year and was also the State Champion bowler in 8th Grade. Nathan has signed a letter of intent to attend St. Ambrose in the fall. Mr. Brown stated that IDOT has already put up signs at the entrances to the City recognizing Nathan's achievement. City Engineer Brown recognized Nate's parents Bob and Sinee Stubler and ended by saying the Nate is a wonderful young man with a bright future. Nathan was given a round of applause. Nathan thanked the council for the support he has received. He stated it was an honor to be recognized and he is happy that he made the City proud.

Alderman Bacidore referenced a recent Chicago Tribune article that reviewed a situation in Illinois where EB5 funding by Chinese investors was misused by the recipients. Alderman Bacidore questioned if stories like this will this make it more difficult for Peter Limberger to secure this same type of funding from Chinese investors for the Kaskaskia project. Alderman Bacidore stated that the council was to hear an update from Mr. Limberger upon his return from China, but at this point have not. Mayor Pro-Tem Ptak stated that hopefully this was an isolated case. Attorney McPhedran agreed with the Mayor Pro-Tem and stated that this concern could be mentioned to Mr. Limberger next time we meet with him.

Alderman Bacidore brought forth concerns about the possible demolition of the Vendome. Based on information Alderman Bacidore sought on his own and based on conversations he had individually with a local contractor, he was told demolition could be in the range of \$400,000. He questioned if this is a wise use of City funds to gain 25 parking spaces when there are many dilapidated properties in the City that should be demolished instead. Mayor Pro-Tem Ptak stated that if the Vendome were to fall down, it would end up costing the City much more. Brief discussion followed.

Economic Development Director Don Aleksy clarified that the Mayor asked him after the last meeting to seek input, not bids or proposals, from various contractors as to what would be involved with the demolition of this building. Attorney McPhedran stated that the Mayor was very clear that there are other properties within the City that need to be considered as well and those properties would be taken into consideration when deciding the best use of funds for demolition. Mayor Pro-Tem Ptak stated that we are not close to making a decision on this issue. Alderman Duncan requested that Building Inspector Covert provide a list of problem properties, both residential and commercial that are in need of demolition.

NEW BUSINESS

After a brief discussion, it was moved by Alderman Bacidore and seconded by Alderman Reynolds to refer the request to install north/south stop signs at 4th and Wrights Streets to the Streets, Alleys and Traffic Committee.

Voice vote, all ayes. Motion carried.

The Streets, Alleys and Traffic Committee will meet on Monday, March 13, 2017 immediately following the Finance Committee meeting at 6:30 p.m.

City Engineer Brown added that the City will be installing School Zone signs in this area, so hopefully this will slow people down as well.

Alderman Demes stated that he asked for the issue regarding unsolicited advertising materials to be added to the agenda after he noticed Spring Valley recently passed an ordinance concerning this matter. Alderman Demes stated his main concern is newspapers in colored plastic bags being left in yards many times without being cleaned up. He believes this is an issue throughout the City. Attorney McPhedran stated the Spring Valley's ordinance was a helpful model but mainly focuses on the littering aspect. He added that in conferring with the Mayor and Aldermen individually about this issue, there seems to also be a separate concern about who is doing the delivering and dropping off of unsolicited advertising material. Attorney McPhedran asked for input and guidance from the aldermen if they would like his office to move forward with drafting an ordinance which would address not only the littering aspect but also establish type of registration or permitting for those distributing advertising materials. This permitting would not necessarily apply to local newspaper delivery, but would allow the City a method to know who and what is being distributed in our neighborhoods. He explained that the City Clerk has been approached recently by several entities wanting to distribute commercial advertising materials at residences. He does not believe our current Peddler/Solicitor ordinance specifically addresses these type of requests. Attorney McPhedran stated that the City cannot restrict the delivery of political or religious materials, but commercial advertising can be regulated. Alderman Demes stated he would like to look into this further. Alderman Duncan stated that if we can't police this, there is no sense passing an ordinance. A representative of the News Tribune explained that the News Shopper is a paper delivered to residents who are not subscribers of the News Tribune. There is a phone number provided with the paper that residents can call to discontinue the delivery.

Moved by Alderman Lavieri and seconded by Alderman Reynolds to accept and place on file the Proposed Scope of Work and to proceed with SCADA implementation from Gasvoda & Associates, Inc. and Primex totaling \$572,145. Each and every alderman has a copy.
