Mayor Grove wanted to see the council's interest on seeking a RFP for the old City of LaSalle Public Works Building. Bedei stated that the city has not received any calls regarding any proposals. He has taken many on tours of the building, but he believes the price may be a bit steep. Alderman Lavieri would like to see a good offer for a project just like was done on Bucklin and 3<sup>rd</sup> and the Auditorium Building. He believes the city would then be able to come down in price a bit. Attorney McPhedran stated that there would have to specific specs and language written up if so and this can be done.

Moved by Alderman Ptak and seconded by Alderman Jeppson to give permission to Curt Bedei to seek out the Request for Proposal (RFP) guidelines for the old City of La Salle Public Works Building at 500 2<sup>nd</sup> Street.

He informed the council that they mentioned how the air quality lately may have been impacted by the Canadian wildfires. He also mentioned the Bureau of Air's availability to answer residents' questions about air quality.

City Engineer discussed a little research that he did in regard to the higher readings late at night and early in the mornings. He mentioned how there is an inversion of air that occurs over night when the sun is down and unable to break down the pollutants like it can be done during the day.

Alderman Jeppson noted that there are many factors that go into air monitor readings from heat and humidity to industry to pollution. He appreciated that Bader took the time to call the IEPA.

## **NEW BUSINESS**

The council considers amending the zoning ordinance to further regulate solar developments within a mile and a half of La Salle city limits.

Additional notice that the Planning Commission will consider amendment to LaSalle Zoning Ordinance regarding further regulation of solar developments, including within the extraterritorial jurisdiction within a mile and a half of LaSalle City Limits.

Attorney McPhedran stated that this will be discussed at an upcoming planning commission meeting. He stated that the city may be also putting out a public notice regarding consideration of regulating wind energy sources within the city.

Alderman Jeppson asked if this would only pertain to commercial property. Attorney McPhedran believed the council to only be discussing it for commercial use because the city was already aware of the central concern being not roofed mounted. He also mentioned that it will be discussed and investigated on what the city can do in the mile and half range. This will be discussed at Planning Commission on the 16<sup>th</sup> on September.

Mayor Grove mentioned that BBQ & Blues and Jazz in the Street will be coming up for downtown La Salle on September 13<sup>th</sup> and 14<sup>th</sup> that will be put on by the La Salle Business Association. There will also be fireworks on Saturday the 14<sup>th</sup>.

## **DISCUSSION AND POTENTIAL ACTION ON THE FOLLOWING ADDITIONAL ORDINANCES/RESOLUTIONS:**

Mayor Grove began the discussion in regard to the current city's food truck vendor permit and license amount. He suggested that the city cuts the current amount in half from \$600 to \$300. He also stated that the amendment ordinance clarified that if one would want to hire out a mobile food vendor then there is no need for a permit or license, unless one is selling product.

Alderman Herndon asked if the city knew the other amounts for permits and licenses from other communities. The mayor and Deputy Bader were unaware of actual amounts. Alderman Ptak wanted to clarify with Deputy Clerk Bader that food vendor would no longer have to register with the city if the food vendor was hired for a private party. Deputy Brent Bader stated that was correct.

Moved by Alderman Jeppson and seconded by Alderman Reynolds to approve an ordinance further amending Title XI: Business Regulations of the La Salle City Code regarding further regulating Mobile Food Vendors within the City of La Salle. Each and every alderman has a copy.

Mayor Grove mentioned that this ordinance was brought upon recently to revisit due to neighborhood complaints. He stated that the city has many that take care of their coops and many others that do not. Mayor Grove also stated that those who currently hold a permit would be grandfathered in and a coop would be able to remain. Alderman Crane stated that he gets many calls in regard to others violating this current city ordinance. It was discussed and clarified that anyone without a permit and have chickens would be excluded. Deputy Bader did mention that if this ordinance does pass, the current license holders would be notified and would have to register one final time with the city to be on record. Alderman Lavieri believes that new residents' license should be accepted as long as they follow the rules. Chief Mike Smudzinski mentioned that there at least four different calls since the beginning of the year in regard to chicken coop complaints, two of them being a complaint in regard to a stench and citations have been issued for some of these complaints.

Alderman Crane wanted to verify if this would be for grandfathered in and allow new to apply for permit. Attorney McPhedran stated that this current ordinance would be to grandfather in the existing, but no new others would be allowed. Crane feels that if it is good for one, then it is good for all.

Moved by Alderman Herndon and seconded by Alderman Reynolds to approve an ordinance amending the Code of Ordinances of the City of La Salle, and also amending Ordinance 2329, related to Nuisances and further regulation of the Keeping of Chicken

Hens and Female Ducks within the City of La Salle. Each and every alderman has a copy.
