Mathews mentioned that they have had 60 Eagle Scouts presented from this troop. Eagle 61 will hopefully be awarded next month and Eagle 62 may be presented by the end of this year. Mathews came to the Council to inform the city that they will be closing down Troop 20, due to several circumstances. Mathew wanted to Thank the city for everything the city has done for the Troop. The City had 16 bonds in 2014 and will have only four by the end of this year. The city will be paying \$893,000 as opposed to \$3 million from a few years back. Ptak also mentioned how in 2020, the city's general fund deficit was at \$2.4 million but at the end of this financial year, the City was at \$1,044,000.00, knocking about 1 million dollars of the city's deficit. Ptak believes that with the work of the city's Finance Director, presenting to the committee real time data and then the committee taking that data to make well informed decisions, it has greatly improved the city's financial situation.

Deputy Bader began the discussion of the Link Project. He wanted the Council to discuss further if they had anything to send in regards to things to keep in mind during this project in regards to the city. This is just a discussion item piece, no vote or action needs to be taken on this matter. Bader believed the route to be close to the preferred route, if not the same route that the city originally preferred. Alderman Lavieri was hoping to see more of a detailed map or plan for this route. Alderman Crane did believe that it would cut through the park side. Lavieri did notice it will be on the west side of the 39/80 interchange. Bader will reach out maybe getting some more formal information from the group with possibly more of a detailed map.

Alderman Lavieri didn't know if the council would want to put out a resolution to send out and show the City's stance regarding the SAFE-T Act. Alderman Thompson believes that the legislature is doing their part with their stance and he doesn't feel a resolution is necessary. Attorney Hermann states counties are involved in the lawsuit with agreement with the Attorney General. Municipalities are not necessarily joining in at this time. Hermann states that it wouldn't hurt to send in a letter if the city wishes too.

Bader said that he would reach out to Navarro's office and ask if they would want the support and if there was certain wording they would wish to have in that letter.

Alderman Bacidore wanted to discuss the letter from Erin Maze in regards to 801 1st St. receiving alternative bids from other contractors. Alderman Reynolds believes the contractor to be H& H. Reynolds said that the city may be scaring some of the additional contractors because of all the press with this current project. Alderman Bacidore called H & H on Wednesday and they stated that they had no clue about submitting a bid for 801 1st St.

Mayor believes that the council should still continue with a two week update on this project.

Herndon mentioned how the taxpayers are behind the city council to see something done with this project also.

Mayor stated that they have reached out to a legal law firm to see if there is something that the city can do to get this project done.

### **NEW BUSINESS**

Mayor Grove mentioned that the city would like to get some ideas and thoughts out to local developers for 540 First St. He asked for the authorization to publish a RFP. This lot is in a TIF District. Alderman Lavieri asked about the mural and the Mayor mentioned that it was a dead issue. Alderman Herndon asked Leah Inman if there was any interest in the 540 property. She said there was definitely interest but there has never been anything that came to fruition.

Moved by Alderman Ptak and seconded by Alderman Thompson to publish a Request for Proposal regarding development ideas for 540 First Street.

Alderman Bacidore asked why the city is going to put a new sidewalk in front of Kaskaskia. Mayor states that this sidewalk location was part of the city's sidewalk program. Mayor states that the city needs to maintain safe sidewalks that residents use. Alderman Jeppson believes that the city does need to maintain the infrastructure of the downtown.

The city is currently unable to stamp the sidewalk in front of the Lasalle State Bank to Mickey's area because of a heating element that was once installed.
