Voice vote, all ayes. Motion carried.

Alderman Bacidore began the discussion in regard to the request for a streetlight on Rockwell Road at the US 6 intersection, including alternatives like directional lighting or reflectors.

Deputy Clerk Bader reported back on the discussion with Ameren, stating that directional lighting is not an option due to concerns about driver safety. He stated that he has also spoken to the City Engineer Brian Brown in regard to installing reflectors are a possibility, but their effectiveness is uncertain.

City Engineer Brown suggests using crystal reflectors to mark the entrance radius and proposes also using chevron arrows to indicate directions, which is also supported by Rockwell resident Leonard Keening.

Brown also mentioned the cost of around \$6,500 for the street light, explaining the cost including running a pole, transformer, and the light itself. He does believe that the reflectors would enhance the intersection.

Moved by Alderman Jeppson and seconded by Alderman Lavieri to install crystal reflectors and chevron arrows to mark the entrance radius at Rockwell Road.
