CONSENT FOR ACCESS TO PROPERTY FOR SAMPLING AND CLEANUP
MATTHIESSEN AND HEGELER ZINC COMPANY SUPERFUND SITE

I consent to officers, employees, and authorized representatives of the United States Environmental Protection Agency (EPA) entering and having access to my property for the purpose of sampling soil and inventorying existing features (landscaping, patios, decks, etc.) and, if required, doing a cleanup, including (1) preparing for and excavating soil from my property; (2) backfilling the excavated area(s) with clean soil and/or backfill; and (3) restoring any grass or other vegetation or structures to their pre-excavation state. These activities are necessary to implement the cleanup of contamination in the soil. This written permission is given by me voluntarily with knowledge of my right to refuse and without threats or promises of any kind. I understand that EPA or authorized representatives of EPA will contact me in advance before the removal of soil begins to discuss the steps involved in the cleanup and to go over measures EPA will take to restore my yard. I also understand that if there is any damage to structures such as sidewalks caused by the work conducted by EPA or authorized representatives of EPA, then EPA or authorized representatives of EPA shall repair such damage.

PLEASE FILL IN FOR YOUR PROPERTY

Address(es) of Property:
Name (Print):
Mailing address of owner (if different from above):
E-mail address:
Daytime Phone: Evening Phone:
I am the: Owner Tenant
